RAJAGIRI SCHOOL OF
ENGINEERING & TECHNOLOGY

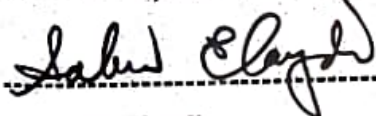

General Agreement
between
Trinity University, USA
and

Rajagiri School of Engineering & Technology, India.

Trinity University, located in San Antonio, Texas, USA and the Centre for Topology and Applications (CETA) of Rajagiri School of Engineering and Technology (RSET), located in Kochi, 682039, Kerala, India, hereby enter into an agreement in order to cooperate in a broad range of educational activities for the mutual benefit of students and faculty in both institutions. This agreement is dedicated to deepening a long-lasting cooperation and goodwill between the people of USA and India. In furtherance of these goals, the following activities are encouraged:

Research Collaboration: Joint research activities will be encouraged and supported where the mutual interests and expertise of both institutions may be furthered. This includes faculty and student exchanges as and when required.

In the above area and in any other area where the two institutions wish to cooperate, detailed arrangements will be articulated in separate memoranda of understanding. Either institution may elect to terminate this agreement on six months notice if it is determined that it no longer serves its interests. It is further agreed that the activities undertaken under this agreement will be reviewed and evaluated on an annual basis, and this agreement will lapse after five years unless it is renewed by the agreement of the presidents of both the institutions.

Dr. Saber Elaydi
Murchison Professor
Trinity University, San Antonio, USA
